Problem statement : XXXXXX

XXXXXX

Title :

# PROBLE

## Heading: Problem & Motivation STATEMENT

### Content:

- What problem are we solving?
- Why does this problem matter?
- Gaps in current solutions
- Who are the users affected?

# SOLUTIONS

## OVERVIEW

### Heading: Solution & Key Features

#### Content:

- High-level solution explanation
- 4–5 key features
- What makes the solution unique?
- Screenshots/mockups

# WORKFLOW

## Heading: Workflow + Architecture Diagram

### Content:

- Step-by-step workflow (User → Process → ...)
- System architecture (Frontend, Backend, Databases, etc.)
- Data flow summary
- (Add your diagram image or link here)

# WORKFLOW ARCHITECTURE

**Heading:** cont...

**Content:**

- Step-by-step workflow (User → Process →
- System architecture (Frontend, Backend, D
- Data flow summary
- (Add your diagram image or link here)

# PROTOTYPE

**Heading:** Demo, Prototype & Repository Links

## Content:

- Prototype link (Figma/Canva)
- Live demo / video link
- GitHub repository
- QR codes (optional)

# RESULTS

## Heading: Achievements, Impact & Roadmap

### Content:

- Features completed in this hackathon
- Impact of the solution
- Future improvements / roadmap
- Why this project stands out
